NORTH-WEST TELEPHONE COMPANY

PUBLIC NOTICE

The Company's tariffs are open to public inspection and may be seen on application at any of its business offices.

TO REPORT TROUBLE

If you need assistance in dialing, or if you repeatedly fail to obtain a number, or in the event of any trouble on your line, dial "0". The operator will answer and assist you.

TO CALL THE TELEPHONE COMPANY

If you wish to communicate with the Telephone Company relative to accounts, orders for service, moving telephones, etc., call the Agent by dialing "201."

MOVING AND DISCONNECTING TELEPHONES

For moving telephones, we request subscribers to give us at least ten days' notice. When sufficient notice is given, we will endeavor to fill the order on a specified date. If no particular date is stated, the order will be completed as promptly as possible.

Service will be promptly discontinued upon receipt of proper notice.

EMPLOYEES' CREDENTIALS

All employees of the Telephone Company authorized to enter buildings for the purpose of making collections, or installing, repairing, or removing instruments or wires, etc., are provided with a badge, and the public is warned that parties desiring to enter premises for telephonic purposes should exhibit their badge upon request or be refused entrance.

HOW TO USE THE TELEPHONE

If you are not sure of the number, look in the directory. If the number is not in the directory, call the Operator by dialing "0" and ask for the number.

Let us assume that the number you are calling is 1234.

Remove the receiver, and keep it off while dialing.

Listen for the dial tone, which is a steady humming sound. Do not dial until you hear this sound.

Place your finger in the dial opening over the figure "1."

Turn the dial clockwise until your finger strikes the finger stop.

Remove your finger and allow the dial to turn back. Do not touch the dial while it is returning.

Proceed in the same way with the figures 2-3-4.

After you have dialed, if you hear an interrupted "burr-rr-ing" sound, the called telephone is being rung.

If you hear an intermittent "buzz-buzz-buzz" sound, the called telephone is busy, and you should hang up and dial again later.

If you make a mistake in dialing, hang up for a few seconds and begin again.

After making a telephone call, replace the receiver for a few seconds before attempting to make another call.

EMERGENCY CALLS

To place emergency calls, dial the emergency numbers shown on Page 7. But if circumstances make this impossible, dial "0" and the operator who answers will connect you.

If you cannot see the dial, remember that the dial opening for "0" (Operator) is immediately to the left of the finger stop. You can find the opening quickly by feeling for the finger stop first, and can then dial the operator.

TO CALL ANOTHER PARTY ON YOUR LINE

If you are on a party line you can recognize the telephone number of the other party on your line by the fact that it commences with the same three figures as your own number. For example, if your number is "3456", the number of the other party on your line will commence with "345".

To call a party on your own line do not dial the directory number, but instead dial "9", followed by the last figure of your number, and the last figure of the number you wish to call. Then hang up your receiver, and the bell on your telephone as well as the bell on the telephone of the party you are calling will ring intermittently until your call is answered. When your bell stops ringing, it indicates that the party called has answered. Remove the receiver and proceed with your conversation.

For example, if your number is "4366" then the last figure of your number—"6"—and the last figure of the number you want to call—"7."

and you want to talk to "4367," dial "9,"

If your bell does not stop ringing after a reasonable period, it indicates that there is no one to answer at the called telephone. Remove your receiver for a few seconds and then replace it. This will stop your bell from ringing and disconnect you from the called telephone.

Long-Distance Telephone Calls

There are two major classes of long-distance telephone calls:

1. STATION-TO-STATION CALLS. You call a particular telephone, but not a particular person, and you pay if someone answers at that telephone, no matter who it is. Reduced rates apply from 6 p.m. to 4:30 a.m. on weekdays and all day on Sundays.

2. PERSON-TO-PERSON CALLS. You call a particular person and pay if you talk to him. If the desired person cannot be reached, a nominal report charge is made in some instances, as explained under "Report Charge" below. Reduced rates apply from 6 p.m. to 4:30 a.m. on weekdays and all day on Sundays.

Under the general classification of person-to-person calls, two special types of service are also offered to meet certain requirements:

(a) **APPOINTMENT CALLS.** At your request, "Long Distance" will arrange with the called party for you to talk with him at a specified time. For this type of call there is no additional charge above the regular person-to-person rates.

(b) **MESSENGER CALLS.** When necessary, a messenger at the distant point will be sent to call the desired person to the telephone. The actual cost of the messenger is additional to the person-to-person rate and is charged irrespective of the conversation being held.

REPORT CHARGE

A nominal charge known as a Report Charge may be made under certain conditions, such as on uncompleted person-to-person, appointment, messenger and collect calls if the called telephone is reached but communication is not established for reasons beyond the control of the Telephone Company.

TIME OF DAY

The time of day when conversation actually starts, determined in accordance with the time system in use at the point where the call originates, decides whether day or night rates apply. This rule applies irrespective of whether the call is sent paid or collect. In cases where a message begins in one rate period and ends in another, the rate in effect at the time conversation starts applies to the entire conversation.

RATES

For both station-to-station and person-to-person calls, there is a day rate from 4:30 a.m. to 6 p.m. and a night rate from 6 p.m. to 4:30 a.m. The night rate is lower than the day rate. On Sundays the night rate is in effect all day.

Rates for calls to some points are listed on the next page. For further rates, call the operator.

TO PLACE A LONG-DISTANCE CALL

When you wish to place a long-distance call, dial "0", and give the details of your call to the operator who answers.

PLACING A PERSON-TO-PERSON CALL

If you are placing a person-to-person call, give the name and the telephone number of the party you are calling, also the name of the community in which he is to be found, and then give your own name and the number of the telephone from which you are calling. For example:

"I want Mr. W. R. Brown, Marine-9559, Vancouver. This is A. E. Jones, 123."

If you do not know the telephone number of the party you are calling, give his street address.

PLACING A STATION-TO-STATION CALL

If you are placing a station-to-station call, give the number of the telephone you are calling and the community in which it is, and then give your own name and the number of the telephone from which you are calling. For example:

"I want Marine-9559, Vancouver. This is A. E. Jones, 123."

If you do not know the number of the telephone you are calling, give the operator what information you can. For example:

"I want anyone at W. R. Brown's telephone, 789 Granville Street, Vancouver. This is A. E. Jones, 123."

HOW TO REVERSE THE CHARGE

Upon request of the calling party, the charges on a call will be collected at the called telephone, provided that such charges are accepted by the called telephone. Request to have the charges collected in this way should be made at the time the call is given to the long-distance operator. Simply say: "Please reverse the charge."

REQUEST FOR CHARGES

When notification of the amount of the charge on a call is desired, it will save time to advise the long-distance operator at the time the call is placed. When such information is not requested until the completion of the conversation, unavoidable delay results while the operator obtains the rate and computes the charges.

REQUEST FOR REPORT ON THE PROGRESS OF A CALL

If it becomes necessary to ask for a report on the progress of a call, be careful to avoid giving "Long Distance" the impression that you are placing a new call. When the long-distance operator answers, ask for a report, mentioning the name of the called place and then your name and telephone number. Say, for example: "Please report on my call to W. R. Brown, Marine-9559, Vancouver. This is A. E. Jones, 123."

GIVE CALLED NUMBER WHEN POSSIBLE

Faster service will be obtained if you give "Long Distance" the telephone number of the party you are calling.

Long-Distance Telephone Rates

FOR RATES TO OTHER POINTS, CALL THE OPERATOR

All rates shown are for a three-minute initial period.

NORTH-WEST TELEPHONE CO.

GENERAL REGULATIONS

GENERAL

Telephone service is furnished subject to the following general regulations which shall apply in addition to the specific regulations contained in the tariff applicable to the type of service involved.

These regulations shall apply to all contracts for telephone service and to all services rendered under such contracts, and cannot be varied or waived by any canvasser or other person.

ESTABLISHMENT AND FURNISHING OF SERVICE

APPLICATION

Application for telephone service shall be made on the Company's standard forms which become contracts upon the establishment of the service. All the regulations contained in the tariff shall be part of such contracts for service and all facilities and service rendered thereunder are subject to the Company's tariff, rules and regulations as on file at the Company's business office. Requests from subscribers for additional service or equipment shall be made in writing. Upon approval or installation thereof, such service or equipment is deemed to be covered by the original contract, except that such item of additional service or equipment so installed is subject to the appropriate minimum contract term in accordance with the Company's regulations governing initial contract periods, and to the tariff charges. Any change in the Company's rates shall effect the alteration of all contracts so as to render such contracts in conformity therewith, and such alteration shall take effect without notice. The subscriber shall not assign his contract with the Company nor any rights thereunder.

ADVANCE PAYMENTS

At the time of application for service, the applicant will be required to pay the proper service connection charges, together with an advance payment equal to one month's charges for exchange service, equipment, mileage, listings, etc.

Notwithstanding the preceding paragraph, and in addition to the advance payment therein provided, an applicant or subscriber, whose credit standing is not established to the Company's satisfaction, may be required to make a further advance payment of an amount which the Company considers sufficient to cover not more than six months' charges for exchange service, toll service, equipment, mileage, listings, and all other services and charges for which the Company is entitled to receive payment. Charges for service rendered are applied against such advance payment. If, in the opinion of the Company, the subscriber's net credit balance is at any time insufficient to cover the estimated service charges referred to, the Company may require a further advance payment or suspend and terminate service in accordance with the regulations contained in the tariff.

INSTALLATION OF WIRING

Except where otherwise provided in the Company's tariffs or by special agreement, all work of installation of wiring and equipment on the applicant's premises is done by the Company, and the Company attaches its instruments, equipment or lines only to wiring installed by its own employees.

TELEPHONE NUMBERS

The subscriber shall have no property right in the telephone number assigned to him or any right to continuance of service through any particular central office, and the Company may change the telephone number or central office prefix, or both, at its own discretion.

ALTERATIONS

The subscriber shall be required to notify the Company promptly in writing whenever alterations or new construction on premises occupied by him necessitate changes in the Company's wiring or equipment. The Company's regular charges apply to such changes.

PAYMENT FOR SERVICE

Charges for telephone service, equipment and facilities shall be rendered monthly and are due on the date specified by the Company. Charges due in connection with toll, messenger or coin-box service shall be payable monthly or upon request. Advance payments, construction, installation and service connection charges shall be payable in accordance with the regulations here or elsewhere contained in the Company's tariffs.

In all accounts excepting for net-rate contracts, the sum of one dollar will be added to the monthly charge, but such sum shall be rebated by the Company provided the account is paid on or before the due date.

If for any reason charges are not paid by the due date, but are paid within one month of the date of issue of the account, the one dollar added to the monthly charge shall be rebated provided the subscriber pays the charge for an additional month's exchange service in advance.

Notwithstanding anything contained in these General Regulations, the Company may render an interim account at any time after the establishment of telephone service with a subscriber for any charges that have accrued, and may demand payment within a period of not less than three days, and failing compliance with such demand for payment, the provisions herein contained relating to "Violation of Company Regulations" shall apply.

All charges incurred by the subscriber are payable at the Company's business offices or at any agencies duly authorized to receive such payments.

Failure to receive a bill showing the amount owed by the subscriber to the Company shall not relieve the subscriber from the responsibility of making prompt payment of such amount to the Company.

The subscriber shall be liable to the Company for all tolls and charges for all calls originating on his telephone regardless of who may originate such calls, and also for all calls received at his telephone the charges for which are accepted by any person receiving such calls regardless of who may accept such charges. The Company, however, reserves the right to collect such charges from the person placing the call or who may otherwise be responsible for the charges incurred.

Messengers may be used, if available, at the request of the person placing a toll call, in trying to locate the called person where he cannot be reached by telephone, provided the calling person agrees to pay the cost of such service.

If objection in writing is not received by the Company within thirty days after a statement of account is rendered, such statement shall be deemed to be correct and binding upon the subscriber.

MAINTENANCE AND REPAIRS

All ordinary expense of maintenance and repairs unless otherwise specified in the subscriber's application or in the Company's tariffs, is borne by the Company. Upon termination of service any equipment furnished by the Company shall be required to be in good condition, reasonable wear and tear excepted. In the case of damage to or destruction of any such equipment, not due to ordinary wear and tear, the subscriber, on demand, shall pay to the Company the cost of replacing the equipment or of restoring it to its original condition. The subscriber shall not rearrange, disconnect or remove, or permit others to rearrange, disconnect or remove, or otherwise interfere with any apparatus or wiring installed by the Company, except with the written consent of the Company.

The Company reserves the right to enter into agreements with railroad companies or other parties whereby they may be required to install and maintain telephones and telephone apparatus furnished by the Company, when such telephones and apparatus are located on the railroad premises or in other places involving unusual hazards, or when it is convenient to both parties to do so.

EXCHANGE AND MILEAGE AREAS

The Company may, at any time, change or modify exchange area boundaries or radii beyond which mileage charges apply. Subscribers affected by such changes may, at their option, terminate their contracts for telephone service forthwith upon paying all charges due up to the date of termination. Where, however, the subscriber elects to retain the service, it is furnished only in conformity with the new conditions, rates and regulations prescribed in the Company's tariffs.

VIOLATION OF COMPANY REGULATIONS

In the event of default on the part of the subscriber in making payment of any sum due the Company, including connecting companies' charges, or in complying with the rules and regulations of the Company which govern the services rendered, the Company may, without notice, suspend the services which it furnishes under any or all service contracts with the subscriber without terminating such service contracts, until all sums due have been paid and all violations have ceased or been remedied; or may terminate any or all service contracts with the subscriber either without or following suspension of service. Such action by the Company shall not affect the subscriber's liability for the payment of all charges owing to the Company.

EMERGENCY SERVICE

In exchanges where continuous service is not provided, emergency calls may be placed during other than the normal office hours, but a charge of 25c per call may be made for this service.

INITIAL CONTRACT PERIODS

GENERAL

The initial contract period for all services and facilities furnished by the Company shall be one month, except as stated hereinafter and as may be specifically provided in other sections of the tariff.

PRIVATE BRANCH EXCHANGE SYSTEMS

The initial contract period for manual cordless, dial cordless and manual cord non-multiple private branch exchange systems, excluding trunks and stations, shall be one year.

The initial contract period for manual cord multiple and dial cord non-multiple and multiple private branch exchange systems other than hotel systems, excluding trunks and stations, shall be from three to five years at the discretion of the Company. When additional switchboard positions are installed in connection with multiple private branch exchanges or when additional equipment, such as switches, switch frames or power apparatus, which entail large installation costs, are installed in connection with dial private branch exchanges, such additional equipment is installed subject to an initial contract period of from three to five years.

The initial contract period for hotel private branch exchanges shall be determined by the Company in each case, having regard to the equipment provided.

SPECIAL NON-STANDARD EQUIPMENT

An initial contract period of longer than one month may be required when special non-standard equipment and special assemblies of equipment are furnished or when equipment is specially installed for a subscriber.

DIRECTORY LISTINGS AND JOINT USER SERVICE

The initial contract period for directory listings and joint user service, where the listing actually appears in the directory, shall be the directory period.

USE OF SERVICE AND FACILITIES

OWNERSHIP AND USE OF EQUIPMENT

Equipment and wiring on the subscriber's premises, furnished by the Company, shall remain the property of the Company. The agents and employees of the Company shall have the right to enter the subscriber's premises at any reasonable hour for the purpose of installing, inspecting, repairing or removing such equipment and wiring, or for the purpose of making collections from coin-boxes. Such equipment shall not be used for performing any part of the work of transmitting, delivering or collecting any telephone message where any toll or consideration has been or is to be paid to any party other than the Company, without the written consent of the Company.

USE OF SUBSCRIBER SERVICE

Subscriber telephone service, as distinguished from public, semi-public and hotel telephone service, shall be furnished only for communications as follows:

In the case of business service, by the subscriber, the agents and representatives of the subscriber and permanent guests or tenants residing in a club or lodging house.

In the case of residence service, by the subscriber and members of his domestic establishment.

The use of the service may, with the Company's permission, be extended to joint users and to persons temporarily subleasing the subscriber's residential premises.

At locations where, in accordance with the Company's definitions of business and residence service, business rates should apply but residence rates are being charged, the Company may thenceforth charge the business rate applicable without the execution of a new application, upon notice given to the subscriber to that effect.

The Company may refuse to furnish subscriber service on premises of a public or semi-public character when the telephone instrument is or would be located so that the public might make use of the service.

The use of the Company's service for annoying other persons or impersonating any individual, and the use of offensive language while using or conversing over the Company's facilities shall not be permitted. The Company may terminate the service of any subscriber who commits any breach of this regulation or who permits any person to use the telephone or service furnished such subscriber contrary to this regulation.

USE OF PARTY-LINE SERVICE

The Company may limit conversations on party lines to five minutes when longer conversations interfere with the use of the service by other subscribers on the same line.

It is a condition of party-line service that the subscriber shall not keep the receiver removed from the instrument when another subscriber to the said party-line service is using the same.

When the use of the service by any party-line subscriber is sufficiently great to prevent a fair and proportionate use by other subscribers on the line, or where a subscriber commits a violation of the condition above mentioned, the Company may require the subscriber to contract for another grade of service or terminate the service of such subscriber.

NON-APPROVED DEVICES

The subscriber shall not use or permit to be used any electrical or mechanical apparatus or device in connection with the equipment or facilities furnished by the Company without the written consent of the Company, or permit the attachment of advertising devices thereto. If any apparatus or devices of any kind other than those furnished or approved by the Company are attached to or connected with any part of the Company's property, the Company may remove such apparatus or devices or terminate the service.

TELEPHONE DIRECTORIES

OWNERSHIP AND USE

The Company shall be under no obligation to issue directories, but if the Company does issue to its subscribers telephone directories containing the listings of subscribers within a specified area, such directories shall remain the property of the Company and, if requested, shall be surrendered to the Company upon termination of service or upon issuance of new directories in as good condition as when received, reasonable wear and tear excepted. Directories furnished by the Company are not to be defaced in any way and no labels or stamps are to be affixed thereto, nor any changes made therein not authorized by the Company. No binder, holder or auxiliary cover, except as may be supplied by the Company, is to be used in connection with any directory furnished by the Company.

The contents of telephone directories shall not be published or reproduced in any form whatsoever, without the consent of the Company.

In the case of any breach of these conditions, the Company may resume possession of the directory.

DISTRIBUTION

Directories shall be furnished to subscribers without charge in such numbers as the Company may consider necessary for the efficient use of the service. The Company may make a charge for directories furnished to subscribers in excess of reasonable requirements or in replacement of directories lost, destroyed or mutilated by subscribers.

TERMINATION OF SERVICE

Service may be terminated prior to the expiration of the initial contract period upon ten days' notice in writing being given to the Company, and upon payment of the termination charges stated below in addition to all charges due for service which has been furnished.

In the case of service for which the initial contract period is one month, the charges due for the balance of the month shall be paid.

In cases of paid directory listings and joint user service, where the listing has appeared in the directory, the charges due to the end of the directory period shall be paid, except that under the following conditions the termination charges shall be the charges due to the time notice of cancellation is received by the Company, subject to a minimum charge equal to the charge for one month:

When the contract for the main service is terminated.

When the listed party or joint user becomes a subscriber to exchange service.

When the listed party or joint user moves to another location, and becomes a listed party or joint user at that location.

In the case of private branch exchange service for which the initial contract period for service is one year or more, the termination charge shall be the charges due for the balance of the contract period.

In the case of special equipment and facilities for which the initial contract period for service is in excess of one month, the termination charge shall be the charges due for the balance of the contract period.

Service may be terminated prior to the expiration of the initial contract period on payment of all charges due for service which has been furnished under the following conditions:

In the case of condemnation, destruction or damage of property by fire or other causes beyond the control of the subscriber, necessitating abandonment of the premises, effective from the date that the Company shall be advised thereof.

In the case of death of the subscriber, death of a listed party in connection with the charges for the related paid directory listing, or death of a joint user in connection with service and facilities furnished for the joint user only, effective from the date the Company shall be advised thereof.

In the case of services for which the initial contract period is one month, where the subscriber's service is superseded by another service on the same or different premises, effective from the date of the termination of the old service, except that termination charges shall apply to service and facilities not retained.

When there is a transfer of service by which facilities of the discontinuing subscriber are contracted for by a new subscriber at the same location, effective from the date of termination of the original service, except that termination charges shall apply to service and facilities not retained by the new subscriber.

Service may be terminated by either party after the expiration of the initial contract period upon receipt of ten days' notice in writing and upon payment of all charges due for service furnished.

OBLIGATION AND LIABILITY OF THE COMPANY

SERVICE INTERRUPTIONS

The Company does not obligate itself to transmit messages but offers the use of its facilities for communication between parties within an exchange area or between exchange areas, each of whom is present at a telephone, or from such parties to the toll switchboard or switchboards. The Company will assume no responsibility, in the event of messages being transmitted by its employees orally, by telephone or by messengers.

The Company does not guarantee uninterrupted working of its lines and equipment and shall not be liable for any loss or damage that may occur in the event that service is interrupted by any cause whatsoever.

DIRECTORY LISTINGS

In any directory which the Company may issue, it shall only be required to list a subscriber's telephone under the subscriber's own name, and if, at the request of a subscriber, it inserts any additional name or advertisement in its directories or elsewhere, the Company shall have the right at any time, and from time to time, to alter such additional name or advertisement to the name of the subscriber, notwithstanding anything contained in any contract with the Company.

The Company shall not be liable for damages arising from errors in or omissions of free directory listings, and in the case of paid directory listings its liability shall be limited to making a refund or cancellation of the charges computed at the monthly rate charged for each such listing for the period during which the error or omission continues.

No liability shall attach to the Company by reason of the continuation of the subscriber's directory listings after the termination of the subscriber's contract.

In accepting listings the Company shall not be responsible for the results of their publication in its directories, nor shall it be a party to controversies arising between subscribers or others as a result of listings published in its directories.

USE OF OTHER COMPANIES' LINES

When the facilities of other telephone companies are used in establishing connections to points not reached by the Company's lines the Company shall not be liable for any act or omission of any other company.

DEFACEMENT OF PREMISES

The Company shall not be liable for any defacement or damage to the subscriber's premises resulting from the existence of the Company's equipment and wiring on such premises or by the installation, maintenance, or removal thereof. In cases where the subscriber is not the owner of such premises, the subscriber shall indemnify and save the Company harmless from all such liability.
